STATEMENT OF DIRK VAN DIJK

To: Assistant Commissioner for Patents
Washington, D.C. 20231

Dear Sir:

I, the undersigned, am one of the inventors for the above-identified patent application.

Franciscus B.A. De Vries is also an inventor.

His name was omitted on the Declaration filed October 27, 1998 through inadvertence and without deceptive intent because I was unaware that, under U.S. law, all inventors must sign the Declaration.

Since the original PCT patent application PCT/NL95/00153 was transferred from the original applicant Aviplast B.V. to the undersigned, I believed to be the sole applicant and that therefore only my signature was required on the declaration.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of

1
2 Title 18 of the United States Code and that such willful false statements may
3 jeopardize the validity of the application or any patent issued thereon.
